DETAILED ACTION

1. This action is in response to applicant's response filed on July 25, 2007. **Claims 1-5, 7-31** are pending in the present application.

2. EXAMINER'S AMENDMENT/COMMENT

Applicant has agreed to the following amendment during his telephonic interview with the Examiner held on Oct 10, 2007:

1) In the specification:

Page # 2, line # 29, change "a ratio" to—at least a portion --.

2) In the claims:

(i) Claim 1, line # 4 , delete "and an echo signal".

(ii) Claim 1, line # 4, after "a replica signal" —including an echo signal and a cross-talk signal—has been inserted.

(iii) Claim 16, line # 2, after "a far end signal,"—an echo signal and a cross-talk signal,— has been inserted.

(iv) Claim 31, line # 4 , delete "and an echo signal".

(v) Claim 31, line # 4, after "a replica signal" —including an echo signal and a cross-talk signal—has been inserted.

(vi) Claim 20 is cancelled.

The Interview summary is enclosed.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

This invention relates to a method for transmitting and receiving communication signals in a high-speed full-duplex transceiver. Claim 16 identifies the uniquely distinct feature of the method, comprising: sampling and holding N versions of the first signal with N clock signals, and wherein a phase of each of the N clock signals relative to the other (N-1) clock signals is dependent on the value of N. The specification supports this limitation [Page 6, lines 7-13; Page 8, lines 1-9; Figs. 4-5]. The prior art of record does not teach this limitation. Therefore, claim 16 is indicated allowable.

Claims 1 and 31 are essentially similar to claim 16 and hence are indicated allowable. Further, claims 2-5 and 7-15 being dependent from claim 1, and claims 17-19 and 21-30 being dependent from claim 16 are also indicated allowable.

New search updates reveal no other prior art which teaches the limitation in the context of the claims.

4. The claims have been re-numbered as follows:

CLAIMS NUMBER (ORIGINAL)	CLAIMS NUMBER (FINAL)
1-5	1-5
7-19	6-18
21-31	19-29

Claim no. 1 along with figure number 5 will be published in the Official Gazette.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
